IN THE DISTRICT COURT.

One Di orce Granted and Two Little Waifs Adopted by Good Samaritans.

Another Saloon Brawl-Dastardly Outrage by Tramps-Outling to Saltair--Police Court Cullings

Before Judge Rolapp in the Second district court last evening, at 8 o'clock, the following cases were heard:

In the divorce case of Nellie Preston vs Frank A. Preston, the testimony of the plaintiff and other witnesses was heard and a decree of divorce was granted as prayed for, the plaintiff was given the custody of the minor children, three boys and two girls.

In the matter of the adoption of the three-months-old child of Emma Wilson, by permission of the court, Olaf Anderson and his wife Jennie adopted the child.

Ezra Huntsman and his wife, Mary, adopted the one-month sold baby boy, John Doe, by consent of the court. The babe adopted is the little child which was left on the door step of Mr. and Mrs. Huntsmen on the night of May 1900, it is growing fine; who the parents of the little one are has never been The hearing in the Barker estate mat-

ter was continued until tomorrow. ANOTHER SALOON BRAWL.

Yesterday morning another saloon brawl took place on lower Twenty-fifth street, in which a man named Reddy got a deep slash on the chin from a knife in the hands of an old man named A. A. Player, whose home is in Terrace, The cause of the trouble seems to be a mystery, only that the two men had een drinking and got into the scrap which lasted only a few seconds. Dr. Coulter was summoned and dressed the wound and sewed it up, and as to whether Player will be placed under arrest is not known,

DASTARDLY OUTRAGE BY TRAMPS A most dastardly outrage was com-

mitted by five tramps yesterday upon the persons of Clarence Turner, Frank Wilson and Robert Danley, boys about twelve years of age. The police were notified by the lads, of the crime and a discription of the men was given, as a result of which three of them are under arrest, they give their names as Frank McCornick, George Powers and Fred Witson, the police are scouring the town for the other two, and every effort is being put forth to get them. The boys have identified two of the men arrested as being guilty of the crime, but they are not so certain about the other one

M. I. A. OUTING TO SALTAIR.

On Thursday, July 12th, the Young Men's and Young Ladies' Improvement Associations of the Weber Stake will join in an outing, to be taken at Salt-These annual Mutual excursions have in the past been so successful and so enjoyable, that there is little doubt that the friends and members of associations will rally around the Stake boards who are providing this outing for them, and visit this wonderful lake resort this year, as they have done the past two years.

SUMMER SCHOOL.

The summer school under the direction of Profs, Moench and Christenson and Supt. Wilson of the Weber Stake commenced on Tuesday morning with a large attendance. following branches are offered: Arithmetic, grammar, geography, pedagogy, U. S. history, and physiology. Other branches will be added when called for. There was quite an increase again on Wednesday morning. The session com-mences at eight a. m. and continues un-

Tom Dilley, for whom the officers of Grand county have been looking for some time, charged with assault upon Sam Jenkins with a deadly weapon, came into Price this afternoon and surrendered himself to Sheriff Alired, He employed L. R. Rhoades and M. P. Braffett as his ounsel and was taken before District Judge Johnson, who happened to be in town. After hearing the complaint Judge Johnson bound him over to next term of the district court at Moab and fixed his bonds at \$2,000, he to appear the first day of the district court upon the above charge or any other charges that might be brought up against him. He at once set out to secure his bondsmen, which he had lit-tle difficulty in doing, and the prisoner was released. The bondsmen are J. M. Thomas, Jack Egan, J. T. Nichols, L. M. Olsen and Ike Glaser.

MORGAN.

Death and Funeral of Recorder James Durrant.

Special Correspondence.

Morgan, Morgan Co., June 22 .- The angel of death has again called a servant of God from our midst. James Durrant has fallen a victim to nervous prostration and was called to leave this stage of existence on Monday, June 18, 1200, in the 64th years of his age.

Brother Durrant was born at Deansanger, Northamptonshire, England, August 5, 1836; he accepted the Gospel about the year 1850 and before emigrating to this country acted as president of the branch in which he lived; he came to Utah in 1874, since which time his home has been in Morgan City, Utah. He has been clerk of the High Priests' quorum for a number of years, and at the time of his demise was recorder for Morgan county, the cares of which caused his mind to weaken until he graduale passed away. The funeral services were held in the

Stake House at Morgan, June 21st, where nundreds of his friends assembled to may to him their last earthly respects. The remains were interred in the South Morgan cemetery. Millennial Star, please copy.

Nothing can be learned of the man's past life, but since being here he has become very despondent and it is sup-posed while in this condition he committed the rash act. He is about 66 years old and has been in the county poor house about three weeks.

SUDDEN DEATH,

Ann Foster Ostler, the wife of David Ostler, died very suddenly at 12 o'clock last night. The deceased was 68 years old and was a native of Scotland. She was the mother of eight children by her former husband and two by her last husband, David Ostler. She was ifflicted with hemorrhage of the brain bout a week ago, but was thought to e recovering, when she was suddenly stricken by heart failure. Not even her losest relatives had time to be at her bedside, and the news will be a great shock to those who left her, as they thought, on the road to recovery a week ago.

SERIOUS STABBING AFFRAY. Samuel Ferries, after imbibing quite freely yesterday, went to the home of his father-in-law, John Warwood, last night, and by words and actions infuriated the latter until he received a ghastly cut about two inches long beween the ribs. After the wound had been dressed he rested quietly and hopes of his recovery are entertained.

Manti, Sanpete Co., June 27 .- Quite a scare was created here yesterday by a telegram received from Fillmore, stating that a man named John Ashman was on his way to Manti, bringing Mrs. Matheny to her home here by team and that Ashman had been exposed to smallpox of the worst type. Quaran-tine Physician Hosford and Marshal Ottosen kept a close watch for the parties and on their arrival last night immediately placed them under quarantine at the home of Mrs. Matheny. Both submitted cheerfully to the action of the officers, but Mr. Ashman insisted that he knew of no smallpox existing in his town, and had not the slightest suspicion of having been exposed to the disease. He was anxious to return home at once, which privilege was granted, and he left here this morning at day-He is an old, gray-haired man. break. FRANKLIN, IDAHO.

Fine Crops Assured - General Prosperity-Narrow Escape from Death.

Special Correspondence. Franklin, Oneida County, Ida. June 25 .- Farmers are working late and early putting up their hay, which, as a general thing, is pretty part of the country, we have had no rain for many weeks, but we have plenty of water for irrigating so far, and the grain crops look well, and bid fair to yield a bounteous harvest.

A PROSPEROUS COMMUNITY.

While not inclined much to boasting, we believe that there has been more money handled in Franklin this year than in all the towns of Oneida county put together. There has been no less than sixty thousand dollars worth of wool shipped from Franklin by Franklin sheep owners, T. C. and F. C. Parkinson alone have shipped thousand dollars worth of wool, besides cattle, hogs, etc., that have been shipped from here, and there is much wool here not sold yet.

Merchants are doing a lively business, as considerable money has been circulated by the sheep men, and other stock

The Oneida Mercantile Union is doing an immense business. They also have fine creamery that makes some of the best butter and cheese that can be found in America. The manager, Mr. William Kirkup, carries a gold watch that was given him by the dairymen's association at their recent gathering in Salt Lake City, as a special prize for superior cheese. But the grandest feature of this institution is, that on the 25th of every month in the year \$1,600 in cash is paid out to farmers for milk. Moses Thatcher, Jr., is manager of the

J. J. Hill a couple of years ago was burned out. He has now an immense stock crowded into his temporary store and his large business requires a building treble the size he now occupies. The farmers of northern Utah southern Idaho are putting most of their irrigated land and much of their dry farms down to lucern. Sheep and dairy cattle convert these thousands of of hay into readier cash than

Farmers are fast learning that the cow and the hen are much more profit-able than so much wheat, and have the advantage of bringing in ready money every month in the year. There is another fine feature about this cow and hen business, the labor is light and aged and infirm people, who have any ambition at all, can make a respectable living in the country, and thus have no occasion to depend upon others.

Mr. W. S. Whedon, Cashler of the First National Bank of Winterset, lowa, in a recent letter gives some experience with a carpenter in his employ, that will be of value to other me-chanics. He says: "I had a carpenter working for me who was obliged to stop work for several days on account of being troubled with diarrhoea. I mentioned to him that I had been similarly troubled and that Chamberlain's Colic, Cholera and Diarrhoea Remedy had cured me. He bought a bottle of it from the druggist here and informed me that one dose cured him, and he is again at his work."

FACTS ABOUT THE MEXICAN COLONY

If You are Not Satisfied Here, That is a Good Place to Go To.

PLENTY OF LAND AND WATER

Two Crops a Year is the Yield-Climate is Less Variable Than in Utah-How to Get There.

Special Correspondence,

Payson, June 28.-Having lately come up from Mexico, from our new colony, (Batapito) Sonora, Mexico, at the request of President A. W. Ivins and to answer the many questions that are being asked about our new possessions in that land, I write you this article. Your readers have already had an account of the visit of our Stake presidency and Apostle Woodruff to our colony last December, the dedication of the land for a resting place and a refuge for the Saints; and also for the building of a temple, etc.; and of the organization of a branch of the Church there. So I will not repeat those events in detail.

First, then, a brief description of our purchase. It is about seventy-five miles south, and a little east of Bisbee, Arizona. With an excellent wagon road from Bisbee all the way down the valley. We are located where the Batapito creek joins the Bavispi, or upper Yaqui river. We have access to the waters of both streams for our town and farm land? We estimate that we have on the two streams about 4,000 acres that can be farmed, and we believe we can furnish good homes for 150 or 200 families, From 15 to 30 acres of land is a good sized farm in that country, as two grops can be raised every year on the same land, and alfalfa can be cut five or six times a year.

The land will produce in abundance wheat, barley, millet, alfalfa, corn, beans, melons and all kinds of garden vegetables; all kinds of grapes, apples, peaches, plums, cherries, figs and many other kinds of fruits. On the purchase we have all kinds of soil from heavy clay loam to the lightest sandy loam. There is ample water for raising two crops a year. We have plenty of the best of fire wood on the land, as much of it has to be cleared of trees. We also have in the purchase about 6,000 acres of excellent grazing land, with plenty more all around us for sale or lease We have plenty of good building stone and stone for lime making; goo heavy. It is very dry and hot up in this for brick and everything for building purposes but timber. Our nearest good saw timber is forty miles away, but have a good wagon road all the way to

Fourteen miles south of us are som very rich silver mines. The ore when shipped to the United States line is worth \$80 per sack of 100 pounds. The ore is packed on burros to our town and hauled from there to the United States line by our teams, giving us the receiving station and the hauling. The mines also give us a good market for our products (as at present they cannot be worked to their full capacity for the lack of farm products for the men, all of which comes from southern Califor nia on which heavy duty has to be

We now have one canal completed from the Bavispi river, which covers a few blocks of the town and about 500 acres of farm land. We believe that we have done better than any colony that has left Utah to finish so large a canal and raise a crop the first year. The first colonists drove on to the pur-

chase the 19th of January last. The climate of our place is very even compared with Utah. Last winter was the coldest known there and yet the ice on standing water never got thicker than a window pane. The thermometer going no lower than twenty degrees above zero, and when I left, about the ist of June, it had never been higher

than 90 degrees in the shade May and June are the two driest and nottest months in the year. The rainy season begins in July and then the emperature goes down to about September weather in Salt Lake or Utah counties and remains so till Christmas There are now about twenty families represented on the ground, so we have oom for quite a number more of good Latter-day Saints. We mean by that those who can get recommends, who are earnest, faithful, progressive men and women. The authorities here have decided that a recommend with a good standing and full fellowship lines left blank is no recommend at all. We want none but those who have good recommends.

Those who come properly recommended can get land on the following terms: Those who cannot pay down for their land or lots can have whatever time they may need by paying ten per cent interest on the purchase price from last November till paid and can work on the remaining canals for water right or buy from those who have to sell in the canal already made. Price of land as follows: Farm land from \$3 to \$6 per acre, grazing 25 cents,

city lots \$10 to \$15 each. As I am now in Utah for the purp of taking a company down in the fall, I will give a few instructions to those who may desire to go. First, yau must get a notary public to certify that you are a good citizen of moral character and that it is your intention to be come a colonist in Mexico, then send it to the secretary of state (of the State you live in) and have it certified to by Then make out a list of articles yau desire to take with you as a colonist (here) naming the number of horses wagons, farm implements, house-hold goods, provisions, etc. This with your certificate, you must send to Henry Eyring, Colonia Juarez, Chihuahua, Mexiasking him to forward same to city of Mexico. State on your paper at wha custom house you wish to enter if you go by rail (which is far the cheapest from this far north) go to El Paso. If by team go to Morita, south of Bisber Arizona, These papers should be sent in at least two months before the colonist

We expect to leave here early in October with a company, going by rail to El Paso. All who desire to go in that company if they will write me (with stamp) I will send them the form of certificate or give them any further information they may desire. They must state in their letter standing in the

Church, And now in conclusion, let me say to all those who have good homes in Utah (or other States) and who are satisfied with conditions surrounding them, stay where you are, but to those who need homes and feel that they can't Sunday, July 1, by Oregon Short Line.

who need holies and tell that they will like with their progress as they will like with their ploneer life, with its toll and labor and who fill the above conditions, we wellcome you and will do all we can to help L. S. HUISH.
